

Bella Sez...

Please share the road! Just because we repair cars doesn't mean we drive to work. Some of us at Hawthorne Auto Clinic commute to work by bicycle, and many of our customers drop off their vehicles and bike to work. (My paws can't reach the pedals, and I have to ride in this basket!) What a great way to save gas money and stay in shape. So next time your car's in for service, explore your transportation alternatives.
